## IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Patent Application of:

Claire A. CaJacob et al.

Appl. No.: 09/233,218

Filed: January 20, 1999

For: Nucleic Acid Molecules and Other

Molecules Associated with the

**Tetrapyrrole Pathway** 

Art Unit: 1601

Examiner: Y. Kim

Atty. Docket: 04983.0025.00US01/

38-21(15090)B

## Response to Office Action dated August 30, 2000

Commissioner for Patents Washington, D.C. 20231

Sir:

In response to the Office Action dated August 30, 2000, having a statutory period for response expiring November 30, 2000, Applicants submit the following amendments and remarks.

## IN THE CLAIMS

Please amend the claims as follows:

- 1. (Amended) A substantially purified nucleic acid molecule that encodes a maize or soybean tetrapyrrole pathway enzyme or fragment thereof, wherein said maize or soybean tetrapyrrole pathway enzyme is [selected from the group consisting of:
  - (a) putative chlorophyll synthetase enzyme;
  - (b) protocholorphyllide reductase enzyme;
  - (c) putative protochlorophyllide reductase enzyme;
  - (d) coproporphyrinogen oxidase enzyme;
